

## **AMEND PARK PAVILION PROJECT**

**The Amend Park Pavilion project is currently under way! It is currently being fabricated and will be installed early this fall. It will be 54' in diameter and will cover approximately 2,500 sq. ft. of space. The center will peak at 19' high and will have interior lighting and electrical receptacles on the upright posts. It will provide a much needed shade and activity structure in the center of the Amend Park complex.**

**Funds are still being solicited by the Amend Park Development Council to cover the cost of this great improvement – if you would like to help, please contact Melissa Pearson, President of the Amend Park Development Council, at [msp591@bresnan.net](mailto:msp591@bresnan.net) or (406) 670-7539. Please visit the APDC website at [www.amend-park-development-council.com](http://www.amend-park-development-council.com)**
